YOUR BIRTHRIGHT

The precious treasure of spirituality is your birthright. Win this through vigilant aspiration and ceaseless endeavours resigned to the Supreme.

The goal of all endeavours is peace. Peace abides only in the eternal. Bid farewell to the pursuit of vanities and transiencies. Adjust your approach to life from an enlightened outlook.

Practise extension of consciousness and enlargement of sympathy through loving communion with all souls. Self-sublimation is not possible in the domain of private personality.

In the absence of self alone are comfort and consolation, the joy of a pure conscience and the vision of the transcendental.

Struggle in spiritual life is conscious resistance to self. In the crucible of tests and trials is beautified the image of a strong mind intent on the Ultimate.

Inner purity is foundational to righteous living. The basic attribute of righteousness is enshrined in devotion. The vital element in a resplendent life is righteousness.

Motivate your actions with love. Crown your achievements with humility. Through resignation of will and meditation on God, make your mind an infinite source of light and your heart a perpetual fountain of happiness.
